In psychology, decision-making (also spelled decision making and decisionmaking) is regarded as the cognitive process resulting in the selection of a belief or a course of action among several alternative possibilities. Every decision-making process produces a final choice, which may or may not prompt action.. Decision-making is the process of identifying and choosing alternatives based on the ...

Chess is played on a square board of eight rows (called ranks and denoted with numbers 1 to 8) and eight columns (called files and denoted with letters a to h).The colors of the 64 squares alternate and are referred to as light and dark squares. The chessboard is placed with a light square at the right-hand end of the rank nearest to each player.

Making the Mask. The most elegant ways of building the mask are laser cutting, CNC or even 3D printing. I've also read reports on printing the mask on paper with a laser printer and then transferring it to a glass using a hot iron - method which is suitable for making a small mask for DSLR or a refractor.
