What we use monetary policy for. Monetary policy affects how much prices are rising – this is known as the rate of inflation. We set monetary policy to achieve the Government's target of keeping inflation at 2%.. Low and stable inflation is good for the UK's economy and it is our main monetary policy aim.

The one-child policy was a birth planning policy of China. Distinct from the family planning policies of most other countries (which focus on providing contraceptive options to help women have the number of children they want), it set a limit on the number of children parents could have, the world's most extreme example of population planning. It was introduced in 1979 (after a decade-long two ...
