12 Rules for Life is a collection of life principles that, if followed, are meant to improve your life. It reached the #1 spot on Amazon™s bestsellers list, and clearly it resonates with a lot of people. Its author (Jordan Peterson, a clinical psychologist and U Toronto professor) argues that modern secularism and reliance on science has left a void in answers to important existential ...

At Challenge Success, we believe that our society has become too focused on grades, test scores, and performance, leaving little time for kids to develop the necessary skills to become resilient, ethical, and motivated learners. We partner with schools, families, and communities to embrace a broad definition of success and to implement research-based strategies that promote student well-being ...

Having experienced the negative effects of students subjected to too much "daily math" firsthand, I am skeptical of the benefits. But for parents who simply want to expose their children to a variety of math

problems, I think that this collection (of 25 sets of 8 problems each) is a good choice.
